Nicholas Hender

What is Music?

- Answer the below questions with ideas. You should be able to think of a few ideas for each one.
- There are no single correct answers to any of these questions; the correct answers are the ideas that **you** think.
- Discuss your ideas with the people around you.
- Be prepared to share your ideas with the rest of the class. We will come up with a shared idea of the **meaning of Music**.

- What's Music about?

- What does Music mean to you?

- What does Music mean to other people?

- What's Music for? (or: Why do we have Music?)

- When can you hear Music?

- Where can you hear Music?

- Where does music come from?
