

Research Of Musical Style, Era Or Culture

In this activity you are to produce a report that describes and explains the distinguishing attributes of a particular musical style, era, or culture.

With approval through consultation with your teacher, you may study **any** musical style, era or culture.

It is strongly suggested that to learn the most from this task, you select a style, era or culture that is unfamiliar to you.

Important information to include about the particular style, era or culture of your choice (each of these dot-points should form a heading in the presentation of your work):

- **Instruments** that are typical.
- **Harmonic** and **melodic** characteristics that are typical.
- **Rhythmic** characteristics that are typical.
- **Musicians or ensembles** that are typical.
- **Purposes** and/or **meanings** that are typical.
- **Similarities** between any other styles, eras or cultures.
- **Differences** between any other styles, eras or cultures.

You may present the results of your research in any convenient format, on or before **[Date TBA]**.
